## Welcome to Love Food Spring Edition

For most of us, this year will be our first experience of a monarch's Coronation. It's not only a perfect time to celebrate and reflect with our own families and friends, but a perfect business opportunity to increase your food offer too.

Thousands of events are expected to take place in every corner of the United Kingdom this May, as people take to join in with the Coronation celebrations and mark this historic occasion.

The Coronation Weekend will provide an opportunity to spend time and celebrate with friends, families and communities across the United Kingdom, the Realms and the Commonwealth.

**There are 4 days of opportunities to maximise your offer, grow sales and help your customers to celebrate!**

**Don't forget that if your community is organising its own street party events, then Hopwells could help to ensure there's adequate food supplies too (bulk buys) - there's a minimum order value, but just call your area's dedicated Sales line (see page 2) to discuss ways of how we can be of service. Supporting your community is also a great way to bring new potential customers for your business!**

## Waffly Wonderful Waffles

### International Waffle Day - March 25th 2023

Made to perfection: crispy on the outside with a soft and deliciously doughy centre, waffles are an easy treat to serve and a yummy delight for your customers.

Join in on the International Day of Celebration this year and bring attention to this fabulous occasion by taking your waffly menu to a new level!

Tuck into an American classic by topping with fried chicken or, alternatively, stacked and drenched in gooey maple syrup for breakfast. And don't forget a slice or two of crispy bacon!

Enjoy a European flavour and dust them with confectioner's sugar or coat in melted chocolate or fresh, thick cream.

A standard since the 1600s (and the place where the day came from), Swedish waffles are served with a dollop of cream, fresh berries, or a rich, red berry compote.

### The Waffle Iron

Originally, the typical waffle iron was a cast-iron-hinged device that was held over an open fire. Cornelius Swartwout of Troy, NY patented a waffle iron on August 24, 1869, which is why that day is National Waffle Day. It wasn't until the 1910s that General Electric's electric waffle iron was introduced. By the 1930s, waffle irons were standard kitchen appliances.

### Did you know . . .

*There is evidence of waffles being sold on the street all the way back to 1603. In 1725, the word waffle was first used in the English language, and different recipes soon spread throughout England and America. Many of these are based on earlier Dutch, French, and Belgian recipes.*

## RECYCLING USED OIL

**Our Oil Collection Partner, Arrow Edible Oil Management are registered as Used Cooking Oil Collectors.**

All their depots are regularly audited and meet the International Sustainability Carbon Certificate (ISCC) requirements. Arrow provides a safe, secure, regular and reliable service.

Benefits of re-cycling your used cooking oil include:

- Keeping your premises plumbing systems in top condition
- Ensuring your business is legally compliant in Waste Management
- Receiving a **REBATE** onto your Hopwells account to use against future purchases. **(20p per litre)**

By working together, we can all be proud of protecting the environment now and for the future!

Arrow can provide free of charge oil containers with lids for safe storage of the cooking oil and a specialized wheelee bin called a Fatboxx is also available. The original containers that the oil was supplied in, can also be used for returning the waste cooking oil, these are normally 20 litre drums either in plastic or tin.
